THE NEW POLICE FORCE

Chief And Two Constables Appointed Last Night

At a chief business before the city council last evening was the appointment of a new police force. There were 25 applications for the positions, a good deal of time was taken in going over them. It was closed 12:30 when the meeting adjourned. Following is a list of the applicants: Andrew McCauley, Carman, Man; Andrew Gilmouth, Alex; James Polard, Edmonton; David W. Simpson, Edmonton; Hugh McCulloch, Edmonton; Morrow Marshall, Strathcona; Jas. C. Stewart, Edmonton; John McDonald, Strathcona; E. D. Schmidt, Strathcona; F. C. Douglas, Strathcona; Hermann Luecke, Riviere Qui Barre; W. George, Strathcona; Edgar Evans, Edmonton; Robert Atwood, Strathcona; Wm. Christie, Strathcona; W. C. Matthews, Edmonton; W. R. Case, Edmonton; J. J. Johnson, Strathcona; W. J. Peters, Strathcona; W. H. Chapman, Strathcona; Joseph Thompson, Strathcona; F. A. Mitchell, Strathcona; Patrick Maguire, Strathcona; Henry Patterson, Strathcona; H. B. Lashway, Strathcona.

Before the council proceeded to bid for the Mayor said he wished to make a few remarks. He was surprised to see the name of Henry Patterson among the applicants. When he was seated to stand as a candidate for the mayoralty he understood that Mr. Patterson was out of the force permanently, and it was only an understanding he consented to stand. Personally he had nothing against Mr. Patterson, but he thought due to himself to make this explanation.

Three of the candidates who were present—Messrs. Maguire, Chapman and McCauley—were then questioned by members of the council as to their previous experience, qualifications, etc., after which a ballot for the appointment of chief was taken. This resulted in Andrew McCauley getting eight votes and J. C. Stewart one.

A ballot for a second constable gave the figures: P. Maguire, 4; G. Thompson, 2; J. McDonald, 1; W. J. Peters, 1. The first ballot for a constable resulted: H. Patterson, 5; W. J. Peters, 2; J. Robinson, 1; J. MacDonald, 1; E. Schmidt, 1.

As it had been agreed that no man should be appointed until he received a majority of the votes of the council another ballot was necessary. This resulted in Maguire getting 5 votes, Peters, 2; Thompson and Schmidt, one each.

A by-law appointing Andrew McCauley chief of police and license inspector and Henry Patterson and Patrick Maguire constables was introduced and given two readings.

CORRESPONDENCE

Messrs McCauley & Westbrook wrote appealing against gallery space in the city street being assessed as floor space. Their letter was referred to the assessment committee and the assessors. Frank Harris wrote asking that he be paid salary from the time he was dismissed from the police force, and that he be informed of the reasons for his dismissal. Referred to the police committee.

Jas. Robinson asking chief of police wrote requesting in accordance with the request of the council, and it was resolved that the resignation be accepted.

A request from residents in the Anderson addition for the installation of the sewer system was referred to the public works committee.

A complaint from Mr. R. L. Benson, a resident in Block 2, Paradise, that water had been drained from the Calgary tract on to his property was referred to the public works committee with power to act.

Oliver Talks On Land Bill

Ottawa, June 23.—Oliver speaking on the land bill, estimated that the cost of the Hudson Bay Railway at thirty thousand per mile and five hundred miles, or a total of fifteen million pre-empted acres at three dollars in the area set aside for preemption there are about 28,000,000 acres half this was for homesteads, leaving 14,000,000 acres or forty-two million dollars. This was a perfectly safe estimate and would, the minister thought, give one-fifth of the area in pre-emption over 5,000,000 acres, which would provide the fifteen million dollars required. If insufficient, the area could be extended if necessary, it too great, the system could be changed. In answer to Dr. Schindler the minister said it was not the intention of the government to let the railway await the sale of lands. Lake desired to know if the proceeds of the sales would go into the general funds or into a trust. The minister replied that the government was not intending to create a new source of revenue. The existing law, making the west liable to a subsidy of 6,000,000 acres for H.B. Ry. would be repealed by the new act. Oliver concluded by expressing his view that the changes in the act would meet the objections of last year and not disturb the settlement of the country.

R. E. Borden replied that the minister had argued with equal conviction against opposite proposals this year and last. He was glad the H.B. Ry. was not to wait for the settlement of these lands, though why the road should be brought into an explanation of this bill, he could not understand. He also questioned the delay in introducing the bill, as it had taken twelve years to reach the proposal which had been their general policy all along.

Shah and His Subjects

Telavet, Persia, June 23.—While a stormy scene was being witnessed in the assembly at six this morning the Shah, supported by a strong force of troops, appeared and attacked the meeting. Fighting still continues and the building is being bombarded. The assembly intended calling upon the Shah to disband the army garrisoned at Baghah without the sanction of the war minister. The failure of the Shah to obey the ultimatum within twenty-four hours will be followed by the assembly informing the nation it is at liberty to act as it sees fit.

Was She Kidnapped?

Fort William, June 23.—A Dupraw, father of little Olive Dupraw, returned this morning from Pine, where he was engaged for the past three days in the search for his daughter who disappeared from the train on Wednesday last. Some two hundred men took part in the search for miles on both sides of the track. William Higgins, brother-in-law of the lost girl, is of the opinion that foul play occurred. He does not think that the little girl wandered on alone. He also admits that there is a possibility of the girl being stolen by her mother who is not dead as claimed by Mr. Dupraw. Mrs. Dupraw ran away from her home here about two years ago and is now living in Chicago. The missing girl was a favorite of the mother, and there is a great probability of the mother being mixed up in the strange disappearance. Winnipeg, June 23.—Hotel runners state positively that a girl answering the description of little Olive Dupraw came in on the delayed Duluth train at the Canadian Northern depot here on Friday, accompanied by two strange well dressed negroes.

Nine Negroes Killed By Mob

Houston, Texas, June 23.—During last night nine negroes met death at the hands of a mob in the vicinity of Humphreys in Sabine county. Both races secured arms, and the tension is so great to-night that a race clash is imminent. The dead are Jerry Evans, aged 22; Will Johnson, aged 24; Mose Spelman, aged 22; Cleveland Williams, aged 22; William Manuel, aged 25; Frank Williams, aged 22; two unknown men; Wm. McCoy.
All the dead are negroes. Lynchings followed the killing of two white men by negroes. Two weeks ago High Dean and several white men visited a negro church and schoolhouse where a dance was in progress, probably in quest of liquor, it being the custom of some of the negroes to sell whisky during the progress of such affairs. During the evening Dean was killed and six negroes were held for the killing.

Indications Now Point To Peace

Ottawa, June 23.—Indications around the House once more point to a peaceful settlement of the deadlock over the Ashcroft bill and prorogation in time for the Quebec celebration. The two leaders will meet in conference again to-day when the situation may be finally cleared up. The points of difference between the two parties are said to be as trivial a character that there is little possibility of their failure to ultimately reach an agreement. The statement that the civil service bill will not be pushed through this session is denied.
Supplementary estimates will contain a vote to cover the losses of 10 per cent to all members of the service, based upon the increased cost of living.

CURRENT COMMENT

The Government Press are at the present moment busy discussing the possibility of introducing the closure into Canadian Parliamentary Procedure. This is a question that the government's friends would be well advised to give some reflection to. It is easy to declare that obstruction cannot be tolerated but the government supporters should remember that whilst the party out of power invariably desires to be the heroic stand for the rights of the minority. No party is perfect in this respect. The point of view from which one looks is what makes the difference. We should be sorry, however, to see the Parliament of Canada introduce any measure to restrict the freedom of debate. The argument advanced by the Government Press that the British Parliament has adopted the closure requires to be carefully scanned. Perhaps some circumstances may arise when the closure may become a part of Canadian Parliamentary Procedure but we think that it is still far distant. It is rather a question of party not of policy. Both parties are equally interested in the question and it is inevitable that if introduced the closure will be utilized by both parties. We imagine that if some of the vitriolic writers who are demanding the closure had witnessed some of the scenes that have resulted in the British House of Parliament from the use of the closure they would not express such admiration for this method. Both parties in the British House have used it and it is not so assume that both parties regret that it has ever been introduced. Amidst our expressions of feeling and bitter cries of "gag" "gag" "gag" which latterly greeted the parliamentary galleries the party front of government is made a mere mechanical registration of the votes of a hostile majority. The application of the closure is an open declaration of the abandonment of reason. More hotly and in a more unbridled fashion than any party in the British House has directly outwitted the closure than any other factor. If the government adopts the closure we venture to prophesy that will regret it in all time coming.

THE WESTERNER SAYS

An immigrant on the land is worth ten in the city.
Hamilton need not put on airs. Edmonton has an excellent railway doing a big business, but nobody talks of the Edmontonian mountain.
In a couple of years when you want to see a really handsome provincial parliament building, you will have to come West of Winnipeg.
Toronto University will begin with 26 students and McGill with 19, but Alberta University will open with at least 20 students. And it is going to grow.
When Manitoba became a province her population was only about as great as that of the City of Calgary to-day, and yet some people thought Alberta was not big enough to be a province.
You get some idea of the importance of the West by noting the industry when you learn that there are at least twenty thousand registered cattle brands in Saskatchewan and Alberta—and every brand means a herd of cattle—Toronto News.

THE MEN WHO RULE US

According to the organ of the Ottawa politicians, Mr. J. G. Turill, M.P., has just been banished by some Western Liberals at Estevan. The organ intimates that Mr. Turill is the sort of man Western Liberals delight to honor, and his thorough representative of the best traditions of the Liberal party. Mr. Turill

land Commissioner under Sir John A. Macdonald, now an M.P., secured the Saskatchewan land at 10 acres. It was also during his office, term that Burrows, Sir John's brother-in-law, was so fortunate in his applications for timber lands.

A short time ago, in Parliament, a resolution was made which throws light upon the Sir John-Turill policy in the management of the public estate. Three men applied for a coal mine. Under the law these men have to be dealt with in the order in which their applications are received. The parties were: (1) Gilmore, (2) Law, and (3) Griffin. Gilmore was the first to apply. He was given the land.

Do You Like Horses?

To the lovers of good horses, there are none that will meet your approval so well as those of Campbell Brothers. Great Consolidated Shows which are to exhibit in Edmonton tonight. The entire contingent of this show has for a number of years been under the personal supervision of Mr. A. G. Campbell, one of the proprietors. His long and varied experience with horses has served as a means by which he has brought the stable with their show to the highest standard of excellence. The past winter Campbell Brothers brought to Col. W. P. Hall, the largest horse dealer in the world, twenty thousand dollars' worth of horses, among the number being several imported Arabian steeds. Over two hundred horses now grace their stables, ranging from the Shetland pony to the largest draft horse.

The pride of the stable is "Lucy," a Kentucky-bred saddle mare, grey in color. She is supreme in her qualities and gifts, having been accorded first prize at both the Minneapolis and Saint Louis horse shows, being only one in a class of four noted saddle mares owned by this show. This department has been turned into a grand horse fair; the stables are always open for the inspection of the public, and a special invitation is extended to ladies and children, who are lovers of pets to visit the stables. Reunite the grand street parade at 10 a.m.

Duncan's Condition Powders

FOR HORSES, CATTLE SHEEP HOGS.

On horses it acts marvellously; it gives a good appetite, a glossy coat, a loose hide a healthy appearance and purifies the blood; even during hard work they gain flesh and spirit. It cannot be equalled for building up broken down horses that are out of spirits and making them sleek, fat and high spirited.

Take None Other--There Is None Just as Good.

To Our Readers

The Chronicle would esteem it a favour to receive any items of local news, social, general or personal. It is always anxious to give publicity to little incidents likely to be of interest and not calculated to injure feelings or cause unpleasantness.

Around the City

The regular semi-monthly meeting of L. O. L. 1654 will be held to-morrow evening in the Orange Hall. All brethren are requested to attend.

The proprietors of the Home Bakery wish to state that the ice cream used at the lawn social last evening was not made by them.

Punctuality is not one of the strong points of this year's city council. The meeting last evening did not commence until almost 8.30 and did not adjourn until 12.30.

James Edward Swayne aged 20 died at the Public Hospital yesterday of Typhoid Fever. The remains are at Wainwright's mortuary awaiting instructions from relatives in New York state.

APPLICATIONS for loans on improved Strathcona City Property will be received at our office over Dominion Bank up to Saturday, June 25th, at 12 o'clock.

services. Alderman Bush's motion was withdrawn and Alderman Baslim's motion carried.

OTHER BUSINESS

The mayor reported that he had appointed a Mr. McDonald as special constable to patrol the road to the bridge each night during the fair, and the appointment was confirmed.

The re-appointment of Acting Constable Peters to the end of June was also confirmed.

Mr. John Gaiser was informed in reply to a question that the council had under consideration the matter of the extension of the electric light system to his abattoir.

Alderman Baslim brought up a question of a rebate of taxes to Mrs. Irvine, who was last year assessed for 50 acres at \$1,000 per acre, which was a mistake. The figure should have been \$100 per acre. The alderman was informed that this rebate had been arranged at the court of revision.

Indigestion

Branch trouble is but a symptom of, and not itself a true disease. We think of dyspepsia, heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop to the creation of his now very popular remedy—Dr. Shoop's Restorative. Going directly to the cause of the trouble, it gives relief and aid and favor to Dr. Shoop and his Restorative. Without this original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach disorders, indigestion, heartburn, and nerve trouble, try Dr. Shoop's Restorative. It takes on food and gives you strength and health and will do. We sell and cheerfully recommend.

Summer months are BOVRIL months. A cup of BOVRIL with a biscuit gives all necessary nutriment when meat is not relished. Try a little BOVRIL in your canned meats.
